

4th Street at Stonecreek LED Sign Project

City of La Center

Project Completed: November 2016

Project Information

RTC funding: \$47,260 in TAP Funds

Total Project Cost: \$57,825

Project Type: Pedestrian Safety

Project Length: 0.076 miles

Function Class: Rural Major Collector

Daily Traffic Volume: 3,300

Project Description

The project improves pedestrian safety across one of the City's busiest streets, by warning motorists when pedestrians and bicyclists are crossing 4th Street at Stonecreek Drive. The project included LED pedestrian signs, crosswalk striping, truncated domes at an existing ramp, and an advanced warning pedestrian sign.

Project Benefits

- The project increases pedestrian and bicycle safety.
